SCARBOROUGH

**What has happened to your character before now? Where do they come from and what makes them unique? If they had a superpower what would it be: can they fly, are they always really helpful, do they have a brilliant smile? What does this superpower mean to them?**

**Let us know all about your character.**

**You can send us an image of your character with words or pictures and you can use the worksheet to give you even more ideas. You can even record a video or voice clip of you talking about your character and send it in.**
