

## Write a recipe for a magic potion

“Eye of newt, and toe of frog, wool of bat, and tongue of dog, adder's fork,  
and blind-worm's sting, lizard's leg, and howlet's wing...”

– from Macbeth by William Shakespeare

Make your own recipe for a magic witches or wizards potion. You can fill in the blanks below or make up your own recipe using the cauldron template.

You can throw in things like toenail clippings and bogeys, or something you can't see or touch, like rainy Mondays, the sound of a knife scraping a plate, or that feeling when you want to sneeze but can't.

Think about what effect your magic potion will have. Will it make you fly? Will it grant animals the ability to talk? If you want to take this activity further you could write a story about what happens when you drink the potion.
