

The Twits

Blowing Bubbles Challenge

Can you find something in your house to make your own bubble blower?

To make your own bubble mixture you will need:

Washing up liquid and water

(You will need to keep testing your bubble mixture until the bubbles don't pop straight away!)

Can you catch and pop lots of bubbles?

How could you blow bigger and smaller bubbles?

Ask your grown up to send a photo of you blowing bubbles.

You might even like to draw a picture of your best bubble blower or biggest bubbles!

Top tips:

You could use a cardboard tube or a slotted spoon for your bubble blower

You could help to wash up with your leftover bubble mixture
